# Revision Techniques

Then for each topic, work through the following steps until you can correctly answer the questions.

1. Look at the **specification** for your course and highlight everything you feel confident with and any areas you need to revise.
2. **Attempt questions** (see WJEC website or DT staff for examples)
3. **Mark questions and correct any you got wrong.**
4. **Repeat** until ALL questions are correct.
5. **Simplify** revision notes over time removing content you know leaving behind what you still need to work on.
